YAKBOS Technologies Pvt Ltd.

AI Product Engineering & Technology Company

Building. Operating. Scaling. AI-First Digital Businesses.

YAKBOS Technologies Private Limited

A Premier Ai Software & Technology Product Design Company from India's North-East

YAKBOS Technologies is an AI-powered technology company that designs, builds, operates, and scales digital products for startups, enterprises, governments, and global organizations.

We combine artificial intelligence, product strategy, software engineering, cloud infrastructure, and business consulting to transform ideas into scalable businesses.

From concept to commercialization, we become a long-term technology partner—helping organizations innovate faster, reduce operational complexity, and create sustainable competitive advantage.

COMPANY OVERVIEW

Kumar Sanjay
Founder - YAKBOS

www.yakbos.com

YAKBOS Technologies Private Limited is a dynamic Ai software and technology product design company headquartered in the serene hills of Meghalaya, North-East India.

Founded in 2018 and registered with the Registrar of Companies (RoC) Shillong (CIN: U74999ML2018PTC013658), **YAKBOS is a DPIIT-recognized startup under the Government of India's Startup India initiative.**

We specialize in crafting innovative, user-centric digital products that blend cutting-edge technology with sustainable design principles. As a **Meghalaya PRIME-recognized entity (PRIME - EKH -21-525-S)**

We are committed to driving technological innovation from the North-East, contributing to **inclusive growth, job creation, and India's digital transformation.**

Our dual-operational model combines the innovative spirit of Meghalaya with high-velocity execution from Bengaluru—the Silicon Valley of India.

About Us

YAKBOS Technologies delivers end-to-end digital transformation through AI, software engineering, automation, and product innovation.

We specialize in creating intelligent digital ecosystems that combine technology, business strategy, user experience, and operational excellence.

Whether launching a startup, modernizing enterprise systems, or building AI-native platforms, we help organizations move from vision to impact.

Our Vision

To build intelligent technology that empowers businesses worldwide.

Our Mission

To design, develop, operate, and scale AI-powered products that solve real business problems and create measurable value.

Our Value Proposition

We don't just build software.

We build products, automate businesses, enable intelligent decision-making, and create scalable technology platforms that deliver long-term business value.

What We Do

ARTIFICIAL INTELLIGENCE

- AI Product Development
- Generative AI Solutions
- AI Agents & Automation
- Large Language Model Applications
- AI Strategy & Consulting
- Predictive Analytics
- Ai Transformation

Ai | Apps | Enterprise

PRODUCT DEVELOPMENT

- Product Strategy
- MVP Development
- SaaS Platforms
- Enterprise Applications
- Platform Engineering
- Product Scaling

AI PRODUCT & UX STUDIO

DESIGNING INTELLIGENT PRODUCTS. CREATING EXCEPTIONAL EXPERIENCES.

YAKBOS Technologies helps organizations transform ideas into intuitive, scalable, and business-driven digital products. Our Product & UX Studio combines research, strategy, usability, interaction design, and AI-powered innovation to create experiences that users love and businesses trust. We design products that are functional, accessible, data-driven, and engineered for adoption from day one.

PRODUCT STRATEGY

- Product Discovery
- Product Vision & Roadmapping
- Design Thinking Workshops
- Market Research
- Competitor Analysis
- Business Model Validation
- Feature Prioritization
- MVP Definition
- Product Consulting

UX RESEARCH

- User Research
- Stakeholder Interviews
- Contextual Inquiry
- User Personas
- Empathy Mapping
- Customer Journey Mapping
- Task Analysis
- Behavioural Research
- User Insights

AI PRODUCT & UX STUDIO

USER EXPERIENCE (UX) + UI DESIGN

YAKBOS Technologies helps organizations transform ideas into intuitive, scalable, and business-driven digital products. Our Product & UX Studio combines user research, product strategy, usability engineering, interaction design, and AI-powered innovation to create experiences that users love and businesses trust.

We design digital products that are intuitive, accessible, visually engaging, data-driven, and engineered for adoption from day one—delivering seamless experiences across web, mobile, enterprise, and AI-powered platforms.

USER EXPERIENCE (UX)

- Information Architecture
- User Flows
- Experience Mapping
- Interaction Design
- Wireframing
- Low & High Fidelity Prototypes
- Responsive Experience Design
- Cross-Platform Experience
- AI Experience Design

UI DESIGN

- Mobile App Design
- Web Application Design
- Enterprise Dashboard Design
- SaaS Product Design
- Design Systems
- Component Libraries
- Visual Identity
- Brand Integration
- Dark & Light Themes

AI PRODUCT & UX STUDIO

UX STUDIO SERVICES + USABILITY ENGINEERING

YAKBOS Technologies helps organizations create user-centric digital experiences through comprehensive UX consulting, usability engineering, and experience optimization. Our UX Studio combines research, evaluation, testing, and continuous improvement to ensure products are intuitive, efficient, and aligned with user and business goals.

We validate designs through usability testing, heuristic evaluations, accessibility reviews, and real-world user feedback—helping organizations improve product adoption, reduce user friction, and deliver exceptional digital experiences.

UX STUDIO SERVICES

- UX Audits
- Heuristic Evaluation
- Design Reviews
- Product Redesign
- Experience Optimization
- UX Consulting
- Digital Experience Strategy
- Service Design
- Design Sprints

USABILITY ENGINEERING

- Usability Testing
- Moderated User Testing
- Remote User Testing
- Accessibility Testing
- Prototype Validation
- Heatmap Analysis
- Clickstream Analysis
- Task Success Measurement
- UX Performance Metrics

AI PRODUCT & UX STUDIO

DESIGN SYSTEMS + AI EXPERIENCE DESIGN

YAKBOS Technologies builds scalable design systems and AI-powered digital experiences that ensure consistency, efficiency, and innovation across products. Our team creates reusable design components, interaction patterns, and intelligent user interfaces that accelerate product development while delivering seamless user experiences.

We design AI-native experiences, conversational interfaces, intelligent workflows, and enterprise design systems that empower organizations to build future-ready products with consistency, scalability, and exceptional usability.

DESIGN SYSTEMS

- Enterprise Design Systems
- UI Components
- Design Tokens
- Pattern Libraries
- Accessibility Standards
- Developer Handoff
- Figma Libraries
- Cross-Platform Consistency

AI EXPERIENCE DESIGN

- Conversational AI
- AI Agent Interfaces
- Prompt Experience Design
- Human-AI Interaction
- AI Workflow Design
- Intelligent Dashboards
- Personalization
- Decision Support Interfaces

AI PRODUCT & UX STUDIO

ACCESSIBILITY & INCLUSION

- WCAG Compliance
- Inclusive Design
- Screen Reader Support
- Keyboard Navigation
- Color Accessibility
- Universal Design Principles

INDUSTRIES

- Healthcare
- FinTech
- Manufacturing
- Retail
- Logistics
- Education
- Government
- Enterprise Software
- Startups
- AI Products

DELIVERABLES

- Product Strategy Documents
- UX Research Reports
- Personas
- Journey Maps
- Wireframes
- Interactive Prototypes
- UI Screens
- Design Systems
- Usability Reports
- Developer Specifications

AI PRODUCT & UX STUDIO

WHY YAKBOS AI PRODUCT & UX STUDIO

OUR PROMISE

We don't just design interfaces—we design products that people understand, trust, and enjoy using.

By combining product strategy, usability engineering, AI innovation, and human-centred design, we help organizations create digital experiences that drive adoption, improve productivity, and deliver measurable business outcomes.

WHY YAKBOS

- AI-First Product Design
- Human-Centred Experiences
- Research-Driven Decisions
- Enterprise-Grade Design
- Faster Product Validation
- Improved User Adoption
- Reduced Development Risk
- Scalable Design Systems
- Business-Driven Innovation

SOFTWARE ENGINEERING

- Custom Software Development
- Web Applications
- Mobile Applications
- API Development
- System Integration
- Cloud Native Solutions

DESIGN & EXPERIENCE

- Product Design
- UI/UX Design
- Design Systems
- User Research
- Brand Experience

CLOUD & DEVOPS

- Cloud Architecture
- Infrastructure Automation
- CI/CD
- Kubernetes
- Security
- Monitoring & Reliability

DATA & ANALYTICS

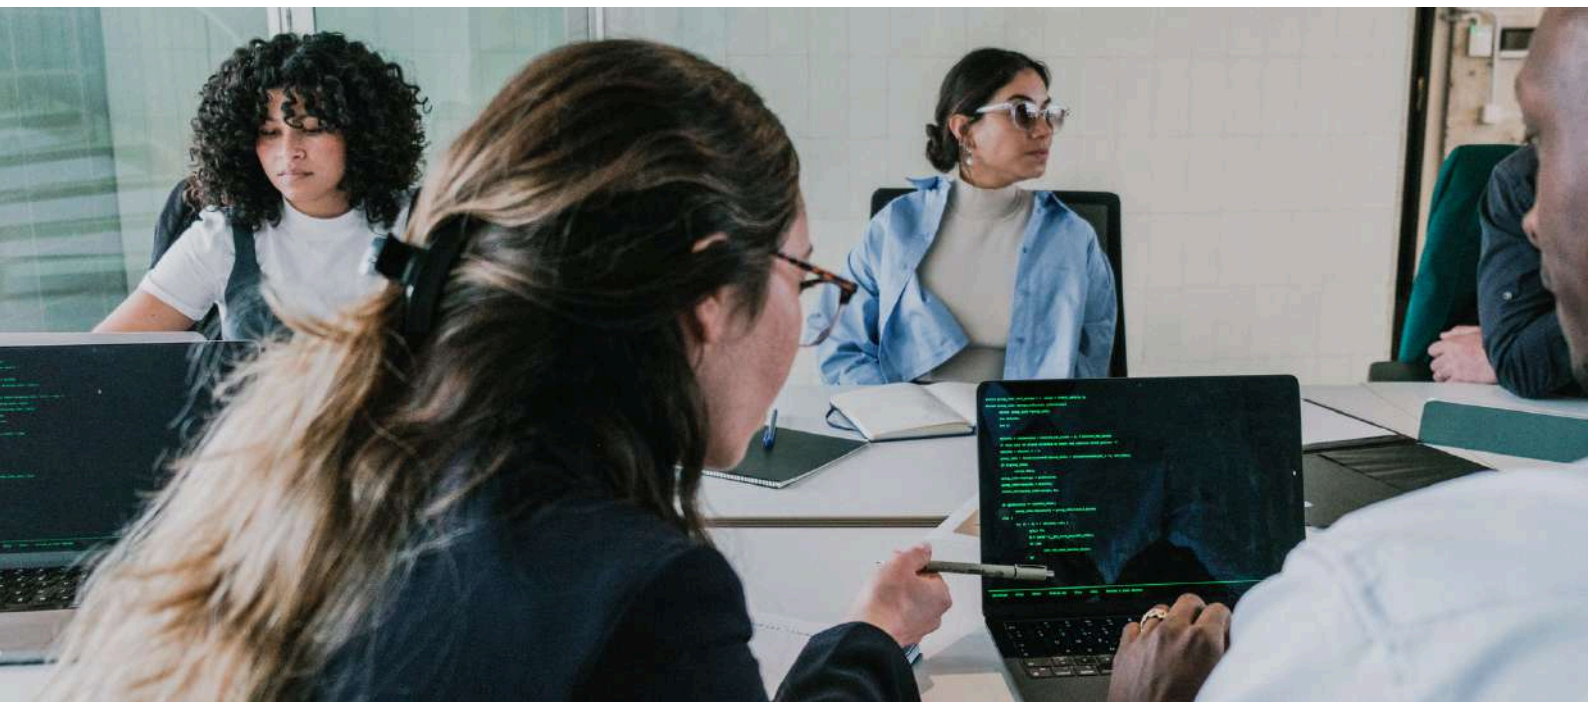

- Data Platforms
- Business Intelligence
- Dashboards
- Data Engineering
- Data Governance

DIGITAL TRANSFORMATION

- Enterprise Modernization
- Process Automation
- Workflow Optimization
- Technology Consulting
- Digital Strategy

Industries We Serve

- Healthcare
- Manufacturing
- Retail & E-commerce
- Financial Services
- Education
- Government
- Real Estate
- Logistics
- Supply Chain
- Energy
- Agriculture
- Hospitality
- Media
- Professional Services
- Startups
- Nonprofits

Our Services

- Software Product Development
- IT Consulting / Solutions
- Ai / Product / UX Design
- NATURE Solutions
- AI / Digital Transformations
- Business Consulting

Our Value Proposition

We don't just build software.

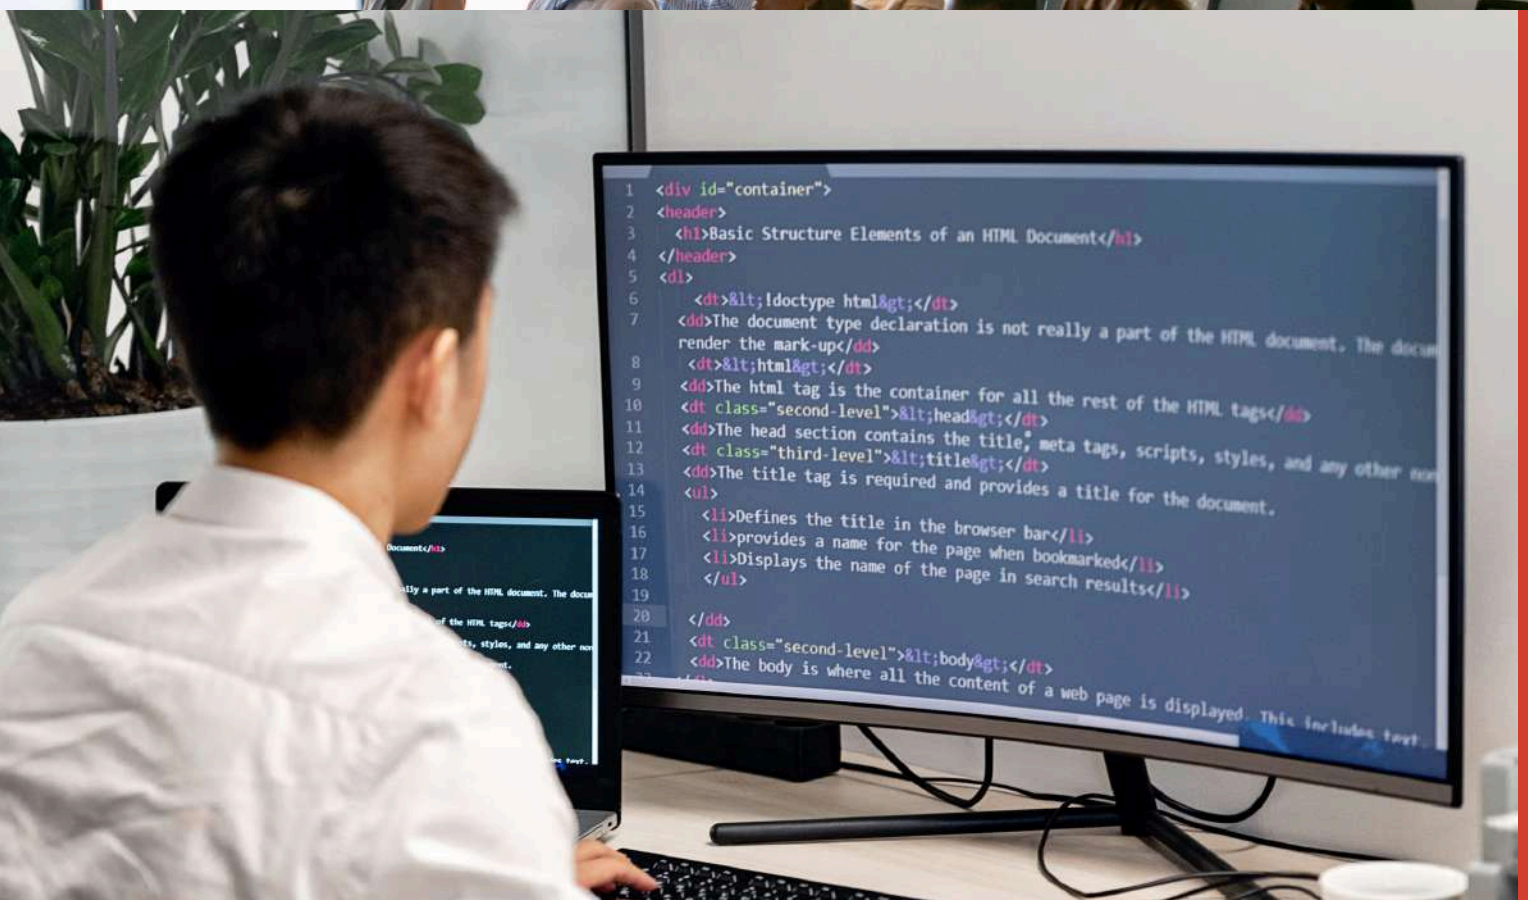

We build products, automate businesses, enable intelligent decision-making, and create scalable technology platforms that deliver long-term business value.

Client-Centric Focus

Innovative Solutions

Strategic Planning

Quality Assurance

WHY YAKBOS

- AI-First Approach
- End-to-End Technology Partner
- Product Thinking
- Enterprise Engineering Standards
- Agile Delivery
- Scalable Architecture
- Secure-by-Design
- Global Delivery Capability
- Business-Focused Innovation
- Long-Term Partnership

Key Arms & Capabilities

Meghalaya

Headquarters: Meghalaya → Policy-aligned sustainability focus and regional impact.

Bengaluru

YTC Ventures (YAKBOS Technologies & Consulting) – Bengaluru → Access to India's top tech talent for rapid scaling, AI-driven platforms, and investment technology solutions

www.ytcventures.com

Bengaluru

HyenaLabs Design Studio → Hosted by YAKBOS, specializing in user-centered design, interactive prototypes, and inclusive UX for diverse Indian audiences.

Why Partner with YAKBOS?

NORTH-EAST

NORTH-EAST INNOVATION HUB

Bringing fresh perspectives and cost-effective expertise from an underrepresented region.

PROVEN

PROVEN CREDENTIALS

DPIIT & PRIME recognized; experienced in government proposals, healthtech, insurtech, and environmental solutions.

DELIVERY

END-TO-END DELIVERY

From concept to deployment, with agile methodologies and stakeholder alignment.

IMPACT

IMPACT-DRIVEN

Aligning with Digital India, Atmanirbhar Bharat, and sustainable development goals.

- Responsible AI

OUR PROMISE

WE BUILD. WE OPERATE. WE SCALE.

We partner with organizations beyond product delivery—helping them innovate continuously, optimize operations, and achieve sustainable growth through technology and artificial intelligence.

WE BUILD. WE OPERATE. WE SCALE.

At YAKBOS Technologies, we are more than a software development company—we are a long-term technology partner committed to turning ideas into successful digital businesses.

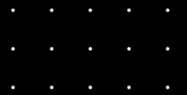

We design intelligent products, build scalable technology platforms, and operate mission-critical systems with reliability, security, and performance at the core. From startup MVPs to enterprise-grade digital transformation initiatives, we work alongside our clients through every stage of their journey.

Our commitment extends beyond product delivery. We continuously innovate, optimize operations, leverage artificial intelligence, and enable data-driven decision-making to help organizations achieve sustainable growth and long-term competitive advantage.

Whether you are launching a new product, modernizing legacy systems, automating business processes, or scaling globally, YAKBOS Technologies provides the expertise, engineering excellence, and strategic partnership needed to build technology that creates lasting business value.

We don't just deliver projects—we build enduring technology ecosystems that empower businesses to innovate, operate efficiently, and scale with confidence.
